

Every child should bring a love of learning to the first day of kindergarten
PRESCHOOL FOR ALL is dedicated to making sure that a high quality and free preschool experience is available to all families in San Francisco.

Preschool for All benefits children and families!

Preschool for All (PFA) programs provide:

- High quality curriculums and environments that have been evaluated for quality
- Well-trained and skilled early childhood teachers
- Enhanced learning activities in creative arts and science
- Free tuition for a part-day program
- Family-friendly environments and activities

Research shows that children who attend quality preschool programs are more likely to succeed, in school and beyond, than those who do not.

Can my child enroll in Preschool for All?

If you are a parent with a child who turns 4-years-old by December 2nd, and you live in the City of San Francisco, you are eligible to enroll your child at a Preschool for All (PFA) site. While PFA is a part-day program, connections to full-day services are often available through the PFA provider. Additional information about PFA is available by calling the **Parent Information Line: 415-354-3873**.
