

Preschool for All (PFA) is a new initiative funded by the City of San Francisco, and directed by First 5 San Francisco. It was created by local Proposition H in March, 2004. The goal of PFA is to make high-quality preschool available to all 4-year-old children in the City by building upon the current early care and education system, bringing together public and private providers to ensure that children enter kindergarten with a strong foundation for learning. Research shows that children who attend quality preschool programs are more likely to succeed, in school and beyond, than those who do not.

Free Preschool for San Francisco 4-year-olds

Is YOUR child ready for Kindergarten?

During the pre-kindergarten years, children develop quickly. Preschool is a time for kids to learn about self-control, cooperation, paying attention, and other skills that will prepare them for kindergarten.

If you live in San Francisco, and your child turns 4-years-old by December 2nd, then s/he is eligible to enroll in a FREE part-day preschool, funded by Preschool For All (PFA).

Voucher-funded families, did you know?

You can enroll your 4-year-old in a PFA preschool at no cost, and STILL have your license-exempt provider paid for the time they care for that child.

PFA is a part-day, high-quality part-day preschool program for up to 3.5 hours per day. So, families approved for vouchers that pay for their child's full-time care (10+ hours per day) can stay with their current provider for most of the day, PLUS enroll in a FREE part-day PFA program, often without changing their regular provider's payment.

Consult with your child care specialist for more information on how you can use your voucher and still enroll your child at a PFA program.
